

# Critical Information Summary

## Information About the Service – Residential 25Mbps/10Mbps – 24 Month

### Description of the service

The Uniti Air residential wireless broadband service is a fixed wireless broadband service, providing you with a high-speed wireless Internet connection. This link is delivered over our wireless network infrastructure, without requiring the connection of a phone line or the use of fixed wired services.

The service will be provisioned to deliver a maximum **25Mbps** download speed and **10Mbps** upload speed. You will not be able to achieve this maximum speed all of the time. Your speed will likely be affected by load on the network, local conditions and your hardware or software.

Please see more information on the service in the Service Description and Customer Service Agreement available online at: <https://unitiwireless.com/legal/>

### Requirements

You need a compatible broadband modem to connect to the service. Our service comes with a complimentary WiFi modem that will be connected as part of the installation. You can continue to use the supplied modem or install and configure your own.

### Availability

Uniti Air wireless broadband services are not available in all locations or all premises. To check availability of the service at your location, please visit <https://unitiwireless.com/residential-plans/> and complete the signup form for your desired plan. We will contact you shortly after to advise on availability at your location.

### Minimum Term

The minimum term is 24 months.
